## ITCHING, BLEEDING ECZEMA WAS CURED

By Cuticura After 5 Years of Suffering Beyond Description -Thought Death was Near-Calls Cure Wonderful,

"No tongue can tell how I suffered for five years with itching and bleeding eczema, until I was cured by the Cuticura Remedies, and I am so grateful I want the world to know, for white helped me will help others. My body and face were covered with sores. One day it would seem to be better, and then break out again with the most terrible pain and itching. I have been sick several times, but never in my life did I experience such awful suffering as with this eczema. I had made up my mind that death was near at hand, and I longed for that time when I would be at rest. I had tried many different doctors and medicines without success, and my mother brought me the Cuticura Remedies, insisting that I try them. I began to feel better after the first bath with Cuticura Soap, and one application of Cuticura Ointment. "I continued with the Cuticura Soap and Cuticura Ointment, and have taken four bottles of Cuticura Resolvent, and consider myself well. This was nine years ago and I have had no return of the trouble since. Any person having any doubt about this was nine years ago and I have had no return of the trouble since. Any person having any doubt about this wonderful cure by the Cuticura Remedies can write to my address. Mrs. Altie Etson, 33 Inn Road, Battle Creek, Mich., Oct. 16, 1909."

Cuticura affords the most economical treatment for affections of the skin and scalp, from infancy to are. A cake of Cuticura Scap and box of futicura Ontment are often sufficient. Poster byte & Chem. Corp., Sole Procs. Joston Mars.

Hydro-Electric Plant at Blewitt Falls to Be Sold This Month.

[Special to The Times-Dispatch.]

Wadesboro, N. C., November 1.—Wadesboro and this entire section is much interested in any information concerning the proposed hydro-electric power plant at Blewitt Falls. The sale of the plant, which was advertised for October 5, was postponned for the reason that no bidder could be found that would take the plant at the upset price of 11,000,000 fixed upon it. Another sale of the property has been advertised to take place the latter part of November, and the upset price. has been reduced to \$750,000 it is claimed that the plant will bring this amount, and the probability is that this great hydro-electric power will pass with this sale, into the possession of a company amply able to complete the development.

Dr. W. Gill Wiley, of New York, president of the Southern Power Company recently personally impected the falls, and it is the general belief that his company will bid in the property.
